Dear Friend,

God uses many people to get HIS WORD into hands and hearts around the world. His righteous kingdom in heaven is without sin. We can hide His word in our hearts, if we have it, so we sin less and less. God inspired all Scripture so we could come to know and love and get involved with Him.

We have the privilege of working with people to help them learn that God knows everything, even our every thought, has infinite power, loves them, and wants them to seek Him for wisdom to live righteous, productive lives without sin.

It is a thrill to see people come to faith in Christ, study Scripture, develop skills and work to meet physical and

spiritual needs.

Ministries are learning how to help each other so more people can receive the life changing WORD.

Pastors are seeing how God blesses when they are not greedy, and help people and are honorable in their dealings and pay their debts.

Two global ministries that everyone should know about, pray

for, and help are United Bible Society and Gideons International. The first networks with societies to provide low-cost Bibles in native languages. The second freely distributes Bibles and New Testaments into communities, schools, hospitality, medical, military, prison, and jail facilities.

It is wonderful to see people talk to God about everything and ask Him to help them wisely do better.
