When Bible Foundation was started in 1987, it was with the desire to help get Scripture into hands and hearts everywhere and provide a way for everyone to get involved that wanted to. The Lord has greatly blessed over the years and thousands of people have independently gotten involved with the free and low cost

gathering and distribution of Scripture and reference works. We have no paid staff and over the years, the Lord has blessed with many people donating time, service, materials, facilities, and finances to help Bible Foundation. We love the Lord and love working to get HIS WORD into hearts.

We have the privilege of sharing with many people the mindset that **Jesus is God incarnate**, the Christ, the Son of God, Emanuel, God with us, the mighty God, the everlasting Father, the Prince

of peace, the WORD made flesh, the true light, the living bread, our Shepherd, the way, the truth, the resurrection, and the life. Praying in Jesus' name is when it is in harmony with His will to live righteous lives without sin and develop good works that meet needs to the glory of God.

Recently we shipped a pallet with 24 large boxes going to a shipping agent for ministries in countries including Afghanistan, Gambia, Ghana, India, Liberia, Malawi, Nigeria, Oman/Yemen, Pakistan, and Sri Lanka.

Our website provides information and contacts so everyone can help. Low-cost Bibles can even be purchased with free USA delivery. (<http://www.bf.org/bsource.htm#b>)

The tax-deductible purchase can help the front line get Scripture they cannot afford to buy. We also list on our website people that can accept Bibles from the public and get them moving. Thousands of people globally want English and native language Bibles.

The Lord gave the word: great was the company of those that published it. Psalms 68:11 There is great joy and blessing in being part of that company.
